FOR IMMEDIATE RELEASE

### **Kline Capital Partners LLC Announces Launch of Clean Technology Fund**

Chicago, Illinois (February 02, 2009) – Kline Capital Partners LLC announced today that it launched the Kline Capital Clean Technology Fund LP.

Kline Capital Partners LLC is the General Partners of the Kline Capital Clean Technology Fund LP which will invest in securities of global companies. Matthew Kline, managing member of Kline Capital Partners LLC is the portfolio manager for the fund employing a primarily long equity bias coupled with hedging strategies and options utilization. Long equity positions will be made with companies operating in alternative energy, recycling, renewables, industrial products, transportation, environmental quality, water, manufacturing and any other firm whose products and services reduce the carbon footprint.

Mr. Kline stated that “the recent declines in the equity markets and compression of earnings multiples and coupled with technological advances in the sector, we have begun to see, on a selective basis, some compelling opportunities within the Clean Technology sector” and “while we believe that economy may continue to contract for the short term, now is the time to start implementing the strategy and be ahead of the curve”.

Kline Capital Partners LLC is a subsidiary of the Kline Capital Group LLC, a diversified financial services firm headquartered in Chicago, Illinois providing investment management, alternative investments, wealth management and strategic consulting services to individual, corporation and institutions worldwide.
