### **Kline Capital Partners LLC Announces Date for Clean Technology Fund Launch**

Chicago, Illinois (January 23, 2009) – Kline Capital Partners LLC announced today that it expects to launch the Kline Capital Clean Technology Fund LP on February 01, 2009.

Kline Capital Partners LLC is the General Partners of the Kline Capital Clean Technology Fund LP which will invest in securities of global companies. Matthew Kline, managing member of Kline Capital Partners LLC is the portfolio manager for the fund employing a primarily long equity bias coupled with hedging strategies and options utilization. Long equity positions will be made with companies operating in the alternative energy, recycling, renewables, industrial products, and any other firm whose products and services reduce the carbon footprint.

Mr. Kline stated that “with the recent declines in the equity markets and compression of earnings multiples, we have begun to see, on a selective basis, some compelling opportunities within the Clean Technology sector” and “while we believe that economy may contract for an additional quarter or two, now is the time to start implementing the strategy and be ahead of the curve”.

Kline Capital Partners LLC is a subsidiary of the Kline Capital Group LLC, a diversified financial services firm headquartered in Chicago, Illinois providing investment management, alternative investments, wealth management and strategic consulting services to individual, corporation and institutions worldwide.
